

STOELZLE GLASS GROUP

THE ART OF MAKING GLASS AND YOUR CAREER

Stoelzle Glass Group is one of the leading international producers of glass containers for the PHARMA, PERFUMERY & COSMETICS and SPIRITS markets. Our aim is to be the first choice partner for both our customers and our employees, through establishing a culture of reciprocal trust and by striving for first class performance, flexibility, and reliability.

We are currently seeking following candidate, who will join our **4.0 Industry Team** located in different plants within Europe:

Full-Stack Software Developer

Your responsibilities:

- design and implementation of complex software solutions in the Industry 4.0 environment,
- active participation in innovation projects in the digitalization of production processes and information flows,
- programming of user-friendly web-based software in the frontend and backend area (data acquisition, data aggregation, visualization),
- support the project team in technical questions,
- participation in developing AI algorithms and implementation of machine learning / deep learning solutions

Our requirements:

- BA/M degree in in the field of computer science / software development,
- 3 years of practical experience in frontend or backend development,
- experience with agile software development and project management,
- practical experience with programming in the following areas: sound experience with web development (HTML5, CSS, JavaScript, TypeScript, Angular) and backend experience in JAVA (Spring Boot, JPA), experience with interfaces (Rest, SOAP) and databases (SQL),
- strong organizational and teamwork skills,
- self-reliant and structured way of working

We are offering:

- continuous learning and training depending on personal demands,
- varied range of tasks in an international environment,
- flexible working hours and home office by arrangement,
- development training,
- private medical care (premium package, financed by the employer for all employees),
- language courses,
- sports and cultural package (e.g. organization of winter holidays for children, co-financing of tickets for sports events),
- performance-based bonuses,
- a rich social package (e.g. holiday subsidies, kindergartens subsidies, family events etc.),
- jubilee awards and festive bonuses,
- working with the latest technologies used in the field of glass production and decoration

Please send your application with the right GDPR clause in the documents to praca@stoelzle.com.

We kindly inform that we will contact only selected candidates.
