## INTRODUCING MINI JARS

### BEST SOLUTION FOR TAKEAWAY.

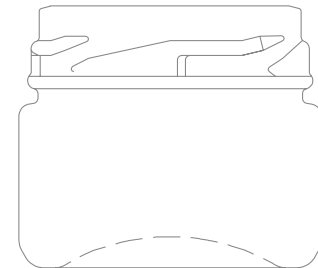

Searching for the best packaging solution for smaller takeaway food items? The Mini Jars are ideal for on-the-go eating. Your customers can enjoy their favourite breakfast items from anywhere, at any time.

## MAKE IT YOUR OWN.

With Stoelzle's standard range of Mini Jars, you can customise jars according to your company design and brand standards for premium customer recognition. Apply colourful and catchy labels to the lids or decorate the glass in any way desired, so that when customers spot your products in-store, they know it's from a brand they love and trust.

## SUITABLE LID FOR AIRTIGHT SEALING.

To provide ease of use and safety, all glasses from our Mini Jar range come with a twist-off finish. For guaranteed airtight sealing and ideal preservation, we are happy to supply you with the matching closure. These lids can be customised and decorated by applying custom labels to ensure that your brand is represented accurately.

NO LIMITS TO THE USE

# FIELDS OF APPLICATION

Thinking about the right packaging for sweet or spicy treats? What about non-edible items? No matter the purpose, Mini Jars are versatile for every use. They are the ideal solution for offering single portions in a variety of industries, such as hotel and gastronomy, as they help to avoid food waste, are a great way to package samples of various products, and to even create small gifts and favours for your customers. Want to know what else the Mini Jars are a perfect fit for?

## YOU CAN TRY PACKAGING THESE:

- Jams, honey and other spreads
- Small gifts

PURE TASTE

# CHOOSE GLASS

What are some more benefits of using the Mini Jars for your needs? Glass is consistently the best option for packaging foods and beverages as it ensures pure taste, is 100% inert, and does not contaminate contents. Make use of our Mini Jar range, especially if you want to offer single portions while delivering a premium feel. Another plus of glass? Glass is a sustainable choice, since it is fully recyclable without any loss of quality. It's a win-win!
