FOOD & BEVERAGES 

INTRODUCING HONEY JARS

1 PRESERVATION OF NATURALITY

Glass jars ensure flavour is unspoil as they are 100% inert, meaning that glass does not form any compounds with the contents. Glass jars not only protect the products, but also the consumers, without any compromise in taste or quality. Therefore, glass packaging is the ideal choice for your natural honey.

2 UNLIMITED SIZE OPTIONS

Thanks to our extensive portfolio of standard products we are able to fulfil all your packaging needs. Whether you want to package your honey in mini jars for a single serving, or in medium or big sizes for your enthusiastic customers, we can offer it all. We will also partner with you to develop customised glass packaging solutions.

3 PERSONALISED BRANDING

Elevate your brand presence with custom decorated bottles or eye-catching labelling. Our standard jars provide the ideal surface for label application. Furthermore, our in-house decoration team can create impactful designs, making use of a number of decoration techniques to ensure your products stand out on the shelves.

4 SECURE SEALING

When it comes to honey packaging, you can choose from a wide variety of airtight closures. This includes bespoke options featuring honey-themed motifs or your brand insignia, ensuring both freshness and visual appeal.

ENDLESS POSSIBILITIES

FIELDS OF APPLICATION

We have a comprehensive portfolio of glass jars available, ranging in volume from 20 ml to 900 ml. This can be topped off with the right cap or closure which suits the use of the product inside.

Superb size for customers with everyday use.

LARGE JARS

MEDIUM JARS

Perfect size for gifts or occasional consumption.

MINI JARS

Ideal size for a single serving for hotel buffets or tasting samples.

THE FINEST MATERIAL GLASS

Glass stands out as the superior choice for packaging foods and beverages, offering a multitude of benefits. Our glass jars guarantee the preservation of pure taste, maintaining the integrity of your products.

PURE TASTE

Glass ensures that the natural flavour of your food products remains uncompromised.

CLOSE THE GLASS LOOP – RECYCLABILITY

Glass can be recycled endlessly without any loss in quality, making it a sustainable packaging choice.

GLASS

INERTNESS

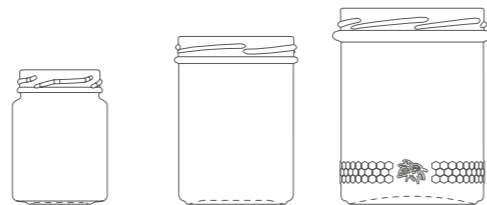

Being inert, glass does not interact with its contents, safeguarding the purity of your products.

PRODUCTS

GLASS HONEY JARS

Our commitment to excellence is evident in every jar we produce. Designed with precision and manufactured using cutting-edge processes, our glass containers ensure both safety and sustainability. Explore our range of lightweight options, meticulously engineered to minimise environmental impact without compromising on quality.

OUR SERVICE FOR YOUR PRODUCT YOUR ALL-IN- ONE SOLUTION

At Stoelzle, we go beyond conventional packaging solutions to offer a holistic service tailored to your needs. Whether you seek innovative product development, compatible closures, or premium decoration services, we're here to realise your vision.

Our mission is to always provide the best service for our clients, which means we continue to innovate and develop solutions that ensure glass is the best material for food product packaging. At Stoelzle, we prioritise lightweight solutions and work with our customers to develop lighter glass packaging options for food and beverages.

THE SERVICES WE OFFER WITHIN OUR ONE-STOP-SHOP APPROACH INCLUDES:

- **New Product Development:**
Capture the customer's attention with unique shapes that make your products stand out on the shelves.
- **Matching Caps & Closures:**
Following the filling, every glass also needs the right closure. At Stoelzle, we make it our mission to offer complete solutions.
- **Customised Decoration:** Elevate the appearance of your glass with our premium decorations. Add your desired design, text and colours to enhance your brand image.

LITHOGRAPHY CLOSURES

SEALING YOUR SUCCESS

Enhance the allure of your honey jars with our exquisite lithography closures. Choose from an array of standard honey-related designs to create a captivating visual identity that resonates with your target audience. If you are looking for something distinct, we can work with you on a bespoke design that resonates with your brand and product. Our expertise allows us to offer the most cost-effective and appealing solution for individual customer and brand needs.

WE CARE ABOUT QUALITY GLASS CERTIFIED

- BRCGS – Global standard for packaging and packaging materials: The safety and quality of your foods & beverages are our top priority. That's why we comply with the BRC global standards for packaging.
- ISO – International organisation for standardisation: Quality, Safety, Environmental & Energy Management Systems certified according to ISO (ISO 9001, ISO 14001, ISO 50001, ISO 15378).
- EcoVadis: Stoelzle has achieved gold status in the EcoVadis rating, proudly belonging to the top five percent of all evaluated companies.
